

MDU CABLING

MULTI-DWELLING UNITS CABLING

SIEMON

NETWORK CABLING SOLUTIONS

- **RELIABLE**
- **HIGH PERFORMANCE**
- **SERVICE FOCUSED**

Multi-Dwelling cabling technologies have come a long way over the past few decades. Cable TV, satellite TV, multiple phone lines, personal computers, fax machines, high-speed internet access via digital subscriber lines (DSL) and cable modems, and other technologies that we couldn't have imagined just a decade ago are now commonplace for the personal user. To get the most from these technologies, homes, small offices, hotel suites, etc. require proper cabling. Yesterday's phone and cable TV lines simply won't suffice. High-speed connections must continue beyond the outside walls right into each room where services are needed. Siemon MDU products provide a flexible connectivity solution for today's MDU cabling requirements.

CONNECTING THE WORLD TO A HIGHER STANDARD

COMMAND CENTER® VOICE/DATA PANELS

S110® Voice Panel (Full Size)

HC-110-80.....Siemon 100-pair S110 field termination block
For use in the 10, 20 inch. Command Centers.
Mounting, connecting, and labeling hardware
included. Light ivory

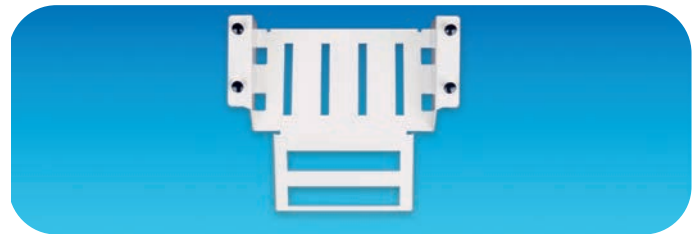

HC-110-JP12-80.....Siemon 12-port T568A wired S110® modular
jack panel functions as a pre-wired distribution
block for data and/or voice network
applications. For use in the 10, 20 inch
Command Centers™. Mounting and labeling
hardware included. Light ivory

12-Port Data Panel (Half Size)

HC-MOD12-80.....Distributes data to up to 12 locations when fully
populated with MAX modules and hub* (hub not
supplied). For use in the 20 inch. Command Center.
Mounting and labeling hardware included. Light ivory
**Accommodates hubs up to 127mm (5 in.) long x
76.2mm (3 in.) wide x 50.8mm (2 in.) high*

36-Port Data Panel (Full Size)

HC-MOD36-80.....Distributes data to up to 36 locations when fully
populated with MAX modules and hub* (hub not
supplied). For use in the 10, 20 inch Command
Centers. Mounting and labeling hardware
included. Light ivory
**Accommodates hubs up to 304.8mm (12 in.)
long x 76.2mm (3 in.) wide x 50.8mm (2 in.) high*

36-Port MAX Utility Panel (Full Size)

HC-MAX36-80.....36-port MAX utility panel. Distributes data to up to
36 locations when fully populated with MAX
modules. For use in the 10, 20 inch Command
Centers. Mounting and labeling hardware
included. Light ivory
**Accommodates hubs up to 304.8mm (12 in.)
long x 76.2mm (3 in.) wide x 50.8mm (2 in.) high*

Blank Shelf Panel (Full Size)
