

# PRODUCT REVISION NOTICE

Date: 11/06/20 REV. A

## Product Description: MapIT® G2 Interconnect Module, Master and Distribution Control Panels

Siemon has upgraded the Ethernet ports on the Master Control Panel(MCP) and the Interconnect Control Module (ICM) from 10Mbps Ethernet ports to 10/100Mbps. This is to ensure that the products are compatible with newer switches that cannot communicate using the legacy10Mbps platform.

These updated products are backwards compatible to 10Mbps switches. Please work with your regional Technical Services Group for more information.

*M-MCP-R2 or M-DCP-R2  
M-ICM-R2*

## Affected Products

Replaced By	Description	Discontinued Product
M-MCP-R2	MapIT, Master Control Panel, 24 Port, 1U, Black	M-MCP M-MCP-R
